INDEXED-13
26 FEB 18 1957
A confidential informant who has furnished reliable information in the past advised on January 18, 1957, that GORDON HINES, Executive Vice President of the Oklahoma Association of Citizens Councils, was quite elated over a provision he claims to have found in the Oklahoma State Constitution which provides that "people in poor houses" cannot vote. He hopes to institute a lawsuit in an effort to have such provision include "people on relief." HINES states if successful he may prevent a large number of Negroes and white people from voting, and thus bring untold publicity to himself and eventually to the Citizens Councils. He thinks, according to informant, that such publicity will help recruit members for the Citizens Councils.

HINES also revealed that three substantial law firms had indicated they would handle the case, but informant hazarded the guess that they apparently do not know of HINES' connection with the Citizens Councils or they would not be so eager.

On February 9, 1957, the Daily Oklahoman, an Oklahoma City daily newspaper, printed an article captioned "Pensioner Vote Case Delayed," which is set forth as follows:

"Hearing on a city man's request to disenfranchise old-age pensioners Friday was continued to March 7 by Glen O. Morris, district judge.

"The decision came on a motion by George Miskovsky, state senator representing several such persons, in a courtroom crowded with pensioners.

"Gordon Hines, 419 1/2 NW 6, filed the petition last week, alleging the state constitution prohibits persons supported by the state from voting. He wants a court order forcing election officials to prevent them from voting in the upcoming city election.
"Miskovsky was allowed to enter the case as representative of various affected persons. First Hearing on the case will be held March 7, a date agreed upon by all parties. Judge Morris expects to be out of the city next week; Miskovsky insisted on having it set for a Thursday afternoon or Friday.

"In claiming there was no need to hurry the hearing, Miskovsky said:

"'Our old folks have been drawing assistance for over 20 years. I don't know where he (Hines) has been or why all of a sudden he is interested in this matter.'

"When the brief court session ended, Miskovsky addressed the audience, told them of the judge's decision and urged them to return March 7."

No information concerning captioned organization has been obtained since February 15, 1957, from a review of press notices or from informants, in Tulsa and Oklahoma City.

As of possible interest, it should be noted that the case which GORDON HINES filed in Oklahoma County to disfranchise old age pensioners was tried before State District Judge GLEN O. MORRIS on March 7, 1957. Numerous old age pensioners were in the courtroom and the matter was given a full hearing. HINES' attorneys contended the Constitutional provision prohibiting persons "kept in poorhouses" from voting would have the effect of disfranchising persons on relief or on old age pensions. Judge MORRIS decided the case against HINES, relying strictly on the wording of the Constitutional provision which says "kept in poorhouses". Judge MORRIS stated that persons on relief and old age pensioners are not "kept in poorhouses". Mr. HINES and his attorney, A. E. PEARSON, filed Notice of Appeal, according to local press dispatches.

During the hearing nothing was mentioned concerning the plaintiff's connection with any organization designed to defeat integration of races. During a television interview, however, HINES was asked if it were not true that his purpose in bringing the action was because of his stand concerning desegregation. He stated his only purpose in bringing the suit was that he has long been a proponent of Constitutional government; that he thinks the Constitution should be construed strictly and that his interpretation of the above mentioned provision is that it has the effect of disfranchising voters on relief and on pension. He stated he intended to appeal the case.

The Tulsa PD located white male, age 14, residing distributing handbills. stated he had received $2.00 for throwing the pamphlets and handbills, from A man named who had been driving around in his car, left before the police officers could talk to him.

The report further stated there were about eight people, both men and women, at the meeting next door east of the residence, and after 11:00 P.M. they started leaving, two or three at a time.

One of the pamphlets distributed by read as follows: "Is integration un-Godly and unlawful? Hear an authority, GLENN O. On April 29, 1957, a meeting was held at 629 East Young St. to discuss ways and means to deal with Negroes, purchasing property in white districts. The meeting adjourned about 10:00 P.M. and while some of the men were on their way home and had stopped to further discuss the issues, three cars of police appeared and abused the men and threatened to arrest and put them in jail, although they were not disturbing anybody in any way. The police stayed all night in the neighborhood, using spot lights and further abusing the people. The gathering was lawful and no

We call your attention to this matter fully convinced, in fact we know, it is uncalled for and we desire to know that it is to be the policy or attitude of your city and police force against lawful gatherings. How Will the Citizens' Councils Roll Back the Dark Cloud of Integration?

By organizing the white Americans who have pride in their white race and forethought for their posterity, by mobilizing public opinion.

We must organize every town and county in our state and then every state in the south. Forty million white southerners, or a fraction thereof, can be a power in this nation if properly organized and certainly need not fear the NAACP, with only 200,000 members.

Our southland by every material line of reasoning should already be a land of multitudes. Eighty years ago our unlacontable ancestors were beaten, in poverty and degradation, unable to vote and under the heel of negro occupation troops. All they had was their undying courage and faith that the Almighty helps those who help themselves. Are we less than they? Our situation is not as hopeless as theirs but just as insidious and deadly to our posterity if you and I do nothing. What decision are you going to make for those baby children at home?

The highest type of leadership has been provided in each community where councils have been formed. We intend to prevent integration legally and thus prevent violence, friction and racial hatred. We intend to carry out the peaceful relations we have had with our colored citizens, to help them to help themselves and to try to help instill in them a sense of pride in their race as we have in ours.

Either we will all stay white together or we will be integrated county by county and state by state. Are you doing your part? There is nothing more important at this time.

THE CITIZENS' COUNCIL

P. O. BOX 1644
TULSA, OKLAHOMA

Dedicated to the maintenance of Peace, Good Order, and Domestic Tranquility in our Communities, and in our State and to the preservation of our State's Rights.
The CITIZENS' COUNCIL is the modern version of the old-time town meeting called to meet any crisis by expressing the will of the people. The right to peaceably assemble to petition for the redress of our grievances is guaranteed in the first one of our Bill of Rights in the Constitution of the United States of America. The only reliable prophet for the future is the past, and history proves that the Supreme Power in the government of men has always been public sentiment. The CITIZENS' COUNCIL simply provides the machinery for mobilizing, concerted, and expressing public opinion.

Our councils are independent groups located within the towns and counties of our state. The local officers are chairman, vice-chairman, secretary and Treasurer. Each council has four basic committees:

1. INFORMATION and EDUCATION — This committee seeks information pertaining to racial problems from all over our nation. It presents to the people within its community the truth about the racial questions, thereby nullifying the propaganda from alien influences and pressure groups. Its job is to convince all of our people of the advantages of segregation and the dangers of integration.

2. POLITICAL and ELECTIONS — This committee studies candidates for local and state elections and presents their qualifications to the voters. It attempts to get candidates to voice their opinion on vital subjects prior to election. It can reach each voter personally to present the truth on all matters to the people. It is our belief that an interested, informed people who vote intelligently is the only means we have of perpetuating our constitutional republic.

3. MEMBERSHIP and FINANCE — This committee enlists all patriotic white citizens for membership, thus assuring your local organization of the support of public opinion and also financial means with which to operate. Thus far, nearly all of the local organizations have set their annual dues at $6.00 per member. Every white southerner should be proud to pay this amount in our battle for state’s rights and the individual right to educate his children with children of his own kind. It is a fundamental right for every American to have pride in his race and to avoid conditions that might foster and promote intermarriage of his children with other races.

4. LEGAL ADVISORY — This committee provides the legal knowledge that will aid us to achieve our aims by constitutional lawful means. If the way of life of forty million people supported by over a century of precedence and practice can be upset legally by nine political appointees, surely legal steps can be taken by a determined majority to correct this grievance. It anticipates moves by agitators and devises legal means for the solution of any racial problems that might arise locally.

Why Does Your Community Need a Citizens’ Council?

May your community has had no racial problems! This may be true; however, you may not have a fire, yet you maintain a fire department. You can depend on one thing: The NAACP (National Association for the Agitation of Colored People), aided by alien influences, bloc vote seeking politicians and left-wing do-gooders, will see that you have a problem in the near future.

The CITIZENS’ COUNCIL is the south’s answer to the mongrelizers. WE WILL NOT BE INTEGRATED! We are proud of our white blood and our white heritage of sixty centuries.

Already the southern states are highly organized with active CITIZENS’ COUNCILS. Oklahoma is now organizing. We intend to re-establish the White Christian Majority. We intend to put a stop to communism and all other foreign isms. We shall not rest until the HOLY BIBLE is, once again, THE SUPREME LAW OF THE LAND.

The fate of our great nation may well rest in the hands of the southern white people today. If we submit to this unconstitutional, judge-made integration law, the malignant powers of atheism, communism and mongrelization will surely follow, not only in our southland but throughout our nation. To falter would be tragic; to fail would be fatal. The white people of the South will again stand fast and preserve an unsullied race as our forefathers did eighty years ago.

WE WILL NOT BE INTEGRATED, EITHER SUDDENLY OR GRADUALLY
FIERY CROSS STIRS PROBE

Incident on E. Zion St.
Investigated by Police

A small fiery cross—reminiscent of the Ku Klux Klan days—was burned on a house in downtown Tulsa Wednesday night.

Police, who responded quickly and took the cross to headquarters, said there was no disturbance and no one was seen at the place.

The cross, about 4 feet high and some 3 feet across, had been wrapped with cloth and soaked with some fuel. It was stuck in the ground and lit.

Sgt. Louis Skinner, who investigated, said the fiery cross was set in the yard of Mr. and Mrs. John Turner at 507 E. Zion St. about 10:30 p.m.

"Mrs. Turner was at home and told me she looked out and saw the cross burning and then called police," Skinner said.

Skinner said the Turner family, who are Negroes, recently moved into the house in a neighborhood predominantly white.

Skinner said that 2 weeks ago police disbanded a group of white men who were going "to talk to a Negro family" in the 200 block of N. Garrison Ave.

Police Chief George O'Neal said an investigation is continuing into the affair and declared, "We will enforce the law to prevent as far as possible any such occurrences."

He said that there was no evidence yet who set the cross and felt that it was "an isolated case" but that his department is remaining vigilant.
